

# EMPLOYEES OF THE SOUTHERN PACIFIC COMPANY MAKE DEMANDS FOR INCREASE OF PAY IN MANY DEPARTMENTS

## SOUTHERN PACIFIC TO HAVE RIVAL.

Will Meet Opposition In the Southwest—Plans of the Railroad Company.

SAN FRANCISCO, Oct. 22.—The return of Julius Kruttschnitt from New York, where he spent some days in consultation with President Harriman of the Southern Pacific and other railroad lines, has stimulated interest in the problems that Kruttschnitt has to solve, and which he went East to discuss with the money kings who have put him in charge of their interests here.

**RAILROAD RIVALS' THREATS.**  
These "problems" concern the threats that more than one railroad system is making—threats to take from the Harriman line its supremacy in the southwest.

The situation is a delicate one, fraught with grave possibilities, the Southern Pacific masters do not hesitate to admit.

Kruttschnitt himself is so well versed in the ethics of modern railroad management to take into confidence the large general public, or to explain in any degree the results of his recent lengthy conferences with President Harriman.

But the situation in which the railroad finds itself is so apparent that no confirmation from any official is needed to convince people of its reality and its seriousness.

**DECREASE OF EARNINGS.**  
The beginning of the fight against Harriman's railroad to the southwest territory was made two years ago. Its effect is found in the following table of figures, which show how the Southern Pacific earnings decreased during the month of August last:

Gross	\$8,553,231	\$7,296,521
Expenses and taxes	1,908,711	1,407,521
Net	2,156,520	2,748,000
Income	2,245,505	2,748,000
Fixed charges	2,245,505	2,748,000
Profit	1,607,000	1,607,000

Decrease—\$533,139.  
Increase—\$108,527.  
Decrease—\$52,138.

The claim that the failure of corn and cotton crops is responsible for this slump in the railroad's earnings is not considered by railroad experts sufficient explanation of the decrease.

Instead of this explanation another one is advanced, which includes a decrease in the operations that rival roads are performing in what was once regarded as the Southern Pacific's exclusive territory.

The Matlary line in Texas, powerful and vigorous, is now in the service of the newest rival of the Southern Pacific along the Gulf. The International & Great Northern is paralleling the Southern Pacific from the historic Sabine river to the Mississippi.

Atchison, also, is building in the north-eastern triangle of Texas. Indeed, the keenest of the railroad prophets declare that inside of two years every mile of the Southern Pacific in Texas will be duplicated by rival lines.

It is deemed a significant fact that during the months when the Southern Pacific showed a decrease of earnings

## REPUBLICANS SURE TO WIN.

SAN FRANCISCO, Oct. 22.—Everything around the Republican headquarters wears a cheerful air.

Every section of the State has been carefully canvassed, and the reports are all of the most encouraging character. The Campaign Committee has dismissed all doubts as to the result, and is now figuring on majorities. Nevertheless, there is no relaxation of effort. The canvass is being energetically pushed in every county, and the work will be continued with unabated zeal till election day.

Leading Republicans call at the headquarters daily, all bringing the cheering news that Republican prospects in their respective sections are bright. All predict a big vote and the full Republican majority, save in a few isolated instances, which will be more than offset by gains elsewhere.

Senator Thomas Flint has thrown himself into the campaign with great ardor, and is making a strenuous personal fight for Dr. Pardee. He is confident the doctor's majority will not fall below that given Gage four years ago.

In this city the situation is rapidly improving from a Republican standpoint. The work of organizing the Republican voters and enrolling them in district clubs is going forward with enthusiasm and success. It has now

these rival roads held their own.

**GOULDS ARE FIGHTING.**  
It is the Goulds that are giving the Harriman line such a hard run for supremacy in the Southwest. They are behind the International and Great Northern.

The Rock Island and Atchison are shortly to co-operate to put in commission a route from Memphis to this city via Choctaw and the new line between Amarillo and Albuquerque that will be shorter by several hundred miles than the Southern Pacific, and will have two Gulf feeders, at least, and perhaps three, should the "Trice" line co-operate with them.

"The future of the Southern Pacific is big enough with possibilities," say the railroad experts in discussing the situation, "but they are all possibilities that will serve to appreciate the value of the securities of the road."

**THE DECREASE EXPLAINED.**

In explaining the decrease of the Southern Pacific's earnings in August the officials ignore the competition they are subjected to, and claim that, in addition to the shortage of crops, the improvements on the line should be considered as being responsible for the decrease in net earnings. These improvements, say the Southern Pacific officials, are legitimately chargeable to capital, and are to be financed when the bond issue of the Southern Pacific materializes. This will not be until late in the winter, apparently. When the charges to capital are deducted from the income account it is said that the Southern Pacific will show dividend possibilities.

## JIM YOUNGER'S BODY AT LEES SUMMIT

LEES SUMMIT, Mo., Oct. 22.—The body of Jim Younger, the bandit, who shot himself at St. Paul, arrived here today and probably will be buried in the family lot tomorrow. Pall bearers have been selected from Younger's former Missouri friends, several of whom knew him from childhood and served with the Youngers under Quantrill. When the coffin arrived it was seen that the body had been cut from the pine box enclosing it, presumably by relic hunters who had met the funeral party at different points along the route.

## CROWN PRINCE WILL BE AT SAN JOSE.

SAN JOSE, Oct. 22.—Word has been received here that the Crown Prince of Siam will spend a day or more in San Jose during his visit to California next month. He will arrive over the Coast line in his special train. The Improvement Club will make arrangements for his entertainment.

proceeded far enough to prove that the vote for Pardee will be exceedingly heavy in the metropolis. Organization has shown that the Lane shouters have been making a noise altogether disproportionate to their numbers.

The fears at first that Kahn and Loud might be defeated for Congress have been practically dismissed, for shrewd political observers all agree that there is little if any doubt of the re-election of both. Many members of the labor unions are declaring for them. Others will vote for them, but keep their intentions secret in order to escape personal importunity. Of all the Republican Congressional nominees in the State, Gillette is thought to be in the greatest danger.

Combs, who was thought for a while to be in doubt, is now deemed safe. Needham is counted as certain to beat Ashe. The election of McLachlan and Daniels in the Seventh and Eighth districts is privately conceded by Democrats, though they still publicly claim their candidate have a chance to win.

"All signs point to the election of the entire Republican State ticket and eight Republican Congressmen," said Charles H. Spear, chairman of the Campaign Committee.

After Two Years of Secret Deliberation the Men Present Their Demands--Harriman Called Upon to Decide--An Answer Must be Given by November First or There is Liable to be Another Great Strike.

The engineers, firemen and boiler-makers of the Southern Pacific Company on both Atlantic and Pacific systems have demanded that their wages be increased approximately twenty per cent.

The demands are made in unison with the demands of twenty-two other railroads east of Chicago.

Before November 1st, according to statements made by the heads of the various railroad unions, the companies will be compelled to pass upon the question of increased wages of its conductors, brakemen, carmen, freight handlers and, in fact, all of the employees who have formed unions.

These concerted demands on the Southern Pacific Company, as well as on the other twenty-two roads, is the result of a secret conference of the railroad men held at Kansas City two years ago.

By the articles of incorporation, under which the unions are working, the Southern Pacific Company is given thirty days in which to answer the demands of the men. The demands of the boiler-makers, engineers and firemen were submitted over two weeks ago and the Southern Pacific Company will have to give a definite answer on or before November 1st.

At that time the demands of all the others will be in, giving the Southern Pacific an opportunity to pass upon the request for increased wages of all its employees at one time.

The committees representing the

various engineer and firemen's unions on all the lines of the Southern Pacific are at present in San Francisco, where they have already held several secret conferences with Vice-President Kruttschnitt, General Manager Agler, and Superintendent of Motive Power A. J. Small.

The increased schedule of wages has been submitted and the committees will patiently wait for an answer.

It is generally conceded that the demands of the employees will not be passed upon by the local heads of the Southern Pacific Company, but will be forwarded to New York to President Harriman and the Board of Directors.

**OMAHA EMPLOYEES.**

A dispatch received today from Omaha confirms the statements made by the local union representatives that a general and preconcerted demand is to be made. The dispatch is as follows:

"OMAHA, Neb., Oct. 21.—November 1st may see a general strike of shopmen on all the Harriman roads. Unless the strike of the Union Pacific shopmen is settled before that time, the officers of the International Machinists' Association declare they will call out all members of the Machinists', Blacksmiths', Boiler Makers' and Molders' Unions on the Southern Pacific, Oregon Railway and Navigation and Oregon Short Line railroads.

"This statement was made today at strikers' headquarters in Omaha, and while the question of the advisability of the move has been under discussion for three months, the date of the proposed strike call has not been set. The roads

named, together with the Union Pacific, have been unionized for so many years that the shopmen's union is very strong on the Western roads, so much so that the strike leaders here claim the fight will not be so prolonged as the Union Pacific strike has been."

**SCHEDULE OF WAGES.**

The schedule of wages has been agreed upon for several months. The Brotherhood of Locomotive Engineers took the initiative in making the demand for increased wages. The freight engineers ask that a uniform wage of \$5 per day be paid to all engineers who are compelled to handle 35-ton engines over a distance of 100 miles. For handling heavier engines the engineers wish an increase of 15 per cent over the \$5 schedule.

The passenger engineers are now receiving a minimum of \$3.50 for every 100 miles. Under the proposed schedule they will receive \$4.50 as the minimum for the same distance.

The firemen on both freight and passenger engines have followed the lead of the engineers and are basing their demands upon the same grounds. They now receive \$2 to \$3 for every 100 miles. Their wages under the proposed schedule will be increased a little over 20 per cent.

The demands of all the other employees will be made on the basis of approximately 20 per cent.

**FACTS AND FIGURES.**

The executive committees in charge of the demands of the men have formulated their requests very deliberately. They have gathered statistics of the operating expense of every mile of track and every 100 tons of freight which is handled. It has taken over two years to gather these figures. The men believe that by showing the railroad companies their expense,

mile by mile, and the profits realized on the same, that the head officials will be compelled to grant the increase.

In the event of the company refusing to confer with the various committees, the matter will be passed to Grand Master Arthur and an executive committee empowered to act. This latter organization will have power to declare a strike.

**WHAT OFFICIALS SAY.**

SAN FRANCISCO, Oct. 22.—There may be Southern Pacific trainmen with grievances in the city, engineers who want more money and boiler makers who ask for an advance in wages, but no hint of it all has reached the large yellow building on Montgomery street where dwell the men who get orders directly from Harriman.

Blissful ignorance of discontent employees prevails in Mr. Kruttschnitt's office.

"Can it be possible that discontent exists among the boiler makers?" said Kruttschnitt's secretary, Worthington. "We know nothing of it—Mr. Kruttschnitt knows nothing of it. Better see Mr. Small over in the shops."

Mr. Small, being called upon, deputized a clerk to declare that no formal demands have been made by his men in the boiler shops for more money—certainly no conference has been held.

James Agler, manager of the Pacific system for Mr. Harriman, evinces absolute ignorance of any trouble whatsoever.

"No grievances of any sort have been presented to us," said Mr. Agler this morning. "I know of none. No conferences have been asked for by any train men of any kind. I do not know of any committees of engineers or firemen who are here. And, frankly, I do not believe there is any such committee in the city."

## OAKLAND WILL HAVE A FIVE STORY HOTEL.

ONE HUNDRED THOUSAND DOLLARS WILL BE SPENT ON STRUCTURE THERE WILL BE 107 ROOMS.

Work will soon begin on a new five-story hotel on Ninth street, between Washington and Clay streets, which, when completed, will have cost \$100,000. The property, which is 50 x 100 feet in size, recently changed hands, and the new proprietors will erect the hotel. The contract has already been awarded and it is said the building will be well under way before the first of the year.

The property formerly belonged to Henry Kahn and the deal was made through the real estate office of H. B. Belden, who, at present, refuses to reveal the name of his customer.

"The new hotel will be a great thing

for Oakland and it will greatly increase property valuations on Clay street," said Mr. Belden today. "The contract has already been awarded for a large five-story structure which will contain 107 rooms, divided into suites of two and three with baths. It will contain all the modern improvements and conveniences and will be modeled after the plans followed in the East. The location is on the north side of Ninth street and adjoins the rear of the Hotel Vendome. It will cost approximately \$100,000. The owner of the property who will erect the hotel is an Oakland man, but at present he does not wish to be known as the promoter of the project."

## MISS MARIE OGE AND TRUXTON BEALE ENGAGED

PARENTS OF THE YOUNG LADY MADE THE ANNOUNCEMENT TODAY—BEALE FIGURED IN A SHOOTING AFFAIR.

SAN FRANCISCO, Oct. 22.—Mr. and Mrs. W. L. Oge of San Rafael have announced the engagement of their daughter, Miss Marie Oge, to Truxton Beale.

The engagement has been known to the friends of the family for some time.

Both are prominent in San Francisco society.

Mr. Beale is a diplomat of distinction and is as well known in the society of Washington and New York as in San Francisco.

A short time ago Mr. Beale and Tom Williams Jr. went to the home of Fred Marriott, editor of the News Letter, to remonstrate with him over an article in the paper concerning Miss Oge.

As a result of the controversy Marriott was shot.

## QUESTIONED ABOUT ROOSEVELT.

LONDON, Oct. 22.—William O'Brien created a great deal of excitement among his fellow Nationalists in the House of Commons today by questioning Premier Balfour regarding President Roosevelt's attitude to the Convention of the United Irish League at Boston. Mr. O'Brien asked the Premier if he had observed that Mr. Roosevelt had sent a letter, and in view of the future friendly relations between the United States and Great Britain he could make any announcement that this country was not disposed to learn wisdom regarding Irish affairs from the head of a great and friendly nation.

The Speaker promptly ruled the question out of order, to the evident chagrin of the Nationalists, whose excitement increased as Mr. O'Brien tried to urge his point. He declared the President's letter was an international fact of the first importance to the future of Great Britain, and it would not be a friendly thing to the head of a great nation that his letter should be disposed to "avenge an insult to the Chief Secretary for Ireland and his removable."

The Speaker maintained his ruling, and Mr. O'Brien tried to move an adjournment of the House to discuss the matter, but the Speaker ruled it was not a matter of definite importance.

## DR. BLAKE MADE THREATS TO KILL

Patient in Dr. Stoll's Office Tells of Fight Just Before the Shooting.

SAN FRANCISCO, Oct. 22.—The Coroner's inquiry into the murder of Dr. R. J. Blake, by Dr. B. F. Stoll in the Phelan Building on the afternoon of October 18, resulted today in the meager disclosure that, for many months both men had been bitter in their enmity for each other, and that Dr. Blake had been amply warned that if he pressed his threatened assault, he would be injured.

L. E. Munroe, a railroad man, was called as a witness.

He had gone to the office as a patient, and it was because of Dr. Blake's

## FIVE KILLED IN BIG FIRE.

SEVENTEEN PEOPLE ARE MISSING AND CANNOT BE ACCOUNTED FOR.

CHICAGO, Oct. 22.—Five persons are known to be dead while seventeen are unaccounted for as a result of the fire which destroyed the plant of the Corn Products Company, West Taylor street and The River, last night.

Four of those unaccounted for are thought to be alive, as three men were seen escaping down the water pipe during the progress of the fire and one was seen to jump into the river, and it is supposed they will all be found at their homes. The known dead are:

Otto Trapp, Edward Steinko, unidentified body. Two unidentified bodies, victims, died this morning. Frank Rothenberg, the foreman of the plant, who was reported dead last night, was not in the building at the time of the fire. The loss will be in the neighborhood of \$400,000, although the directors of the company today would not give out any estimate of the loss nor of the number of victims until a complete investigation could be made. The building was fully insured.

# CLEVER WOMAN OUTWITS SPOUSE

SENORA ELOUISE DE VELEZ WANTS EX-HUSBAND TO PAY BILLS.

An attachment has been placed on the home of Senora E. de Velez, the divorced wife of Juan de Velez, the wealthy Spaniard who has been distinguished by diplomatic service under three different nations, by W. H. Maxson. The amount of the attachment is only \$5, but there are others who hold unpaid bills who are also seeking redress.

It seems that the wealthy Senora, after her husband's divorce from her, refused to pay the bills which his former wife had contracted. The result was that numerous small creditors are wondering when they will secure payment of their claims.

Senora E. de Velez, who is now residing at No. 2125 Broadway, has been distinguished by her husband and the creditors as well.

# ROUTINE WORK OF THE COMMISSIONERS

There was a short session of the Board of Police and Fire Commissioners this morning at which the following resolutions were passed:

Resolved, That Council Resolution No. 27,232, authorizing and directing the Board of Public Works to purchase, at a cost not to exceed \$100 a case for the office of the City Clerk, be and is hereby referred to the City Clerk, City Clerk, with power to act thereunder.

Resolved, That the application of S. C. Hodgkins, chief of Police, dated October 21, 1902, for permission to employ fifteen special officers for use on Sunday day, November 10, 1902, at an expense of \$50 be and is hereby granted, and referred to the City Council with recommendation that the sum of \$50 be appropriated for said purpose.

Resolved, That Council Resolution No. 27,419, authorizing the Board of Police and Fire Commissioners to grant each of the Police and Fire Commissioners fifteen days' vacation, and appropriating the sum of \$50 for substitutes be and is hereby referred to the City Clerk, City Clerk, with power to act thereunder.

An application was received from J. F. Commins for a position as extra policeman. The City Clerk, City Clerk, applied for a sixty day leave of absence.

The Commissioners adjourned after granting the demands and requisitions.

# J. F. COMMINS DID NOT KISS WIFE

John F. Commins, who was plaintiff in the divorce suit in the Superior Court yesterday, states that the story that he kissed his wife in the chambers of Judge Ogden's courtroom yesterday is untrue. Mr. Commins did not kiss his wife and was present simply as a witness when the property rights were settled by the judge. The present case is a matter of fact, and Mr. Commins is a citizen of the city.

# YOUTHFUL TRAIN JUMPERS RECEIVE SMALL SENTENCE

BERKELEY, Oct. 22.—Walter Young and Donald Monroe, the two boys who were arrested yesterday for jumping off the Berkeley local train and who pleaded guilty, appeared before Judge Edgar this morning for sentence. They were fined five dollars each and warned not to repeat the offense. The authorities are determined to put a stop to this dangerous practice of playing on the tracks, and they are making a crusade on the small boys, who insist on risking their necks in the danger of the pastime.

# SMOKER IN THE SEVENTH WARD

REPUBLICAN NOMINEES ADDRESS VOTERS OF EAST OAKLAND.

Cameron Hall in East Oakland was the scene last night of one of the most successful rallies given during the present campaign. The occasion was a smoker given by the Seventh Ward Republican Club and 300 people attended. The capacity of the hall was taxed to its utmost and many who desired to attend could not get standing room.

The meeting was presided over by Dr. Robert B. Williams, president of the club and the principal addresses were made by Dr. N. K. Foster, candidate for re-election to the Assembly, William Geary, candidate for Justice of the Peace and Howard A. Meader, candidate for Constable.

When Geary's name was announced it was greeted with applause and as he walked to the platform he was cheered. He thanked his friends in East Oakland for the work they were doing.

He declared that he would never regret it. He said he felt confident of winning at the election November 11th, and predicted success for Pardee and the entire Republican ticket.

Justice was furnished during the evening by the Pardee Quartet and the following names were given: Geo. Clark, Geo. Adair and Asa V. Mendelhall.

At 10 o'clock most of the Republican candidates and the Young Men's Republican Club in uniform who had been attending the rally on Park street in Alameda entered the hall and they were given an ovation.

Short addresses were made by Judges W. E. Greene and Henry H. Melvin, Supervisor John Mitchell, John P. Greig, Robert Greig, and Harry W. Lynch.

During the evening refreshments, consisting of ice cream, cake, sandwiches, coffee and lemonade were served. The meeting closed with cheers for Dr. Pardee and the Republican county candidates.

# CELESTIALS HAVE NOW DISCOVERED NEW ROUTE

SAN DIEGO, Oct. 22.—The Celestials have now discovered a new route, by which to enter the forbidden country. Customs Inspector Charles Sanborn, who has been stationed at Calexico recently, came into this city Monday evening, having in his charge one of these "chinks" who had made an unsuccessful attempt to come into the United States without his "chuck gee," as the certificates are called. This fellow is known to have brought four of his countrymen to the line of the Santa Fe, but his case came to a citizen of the city, who has been charged with the duty of the exclusion act nevertheless.

CHARGED WITH STEALING TONS OF WATER MAINS.

The preliminary hearing of Reuben Jacobs, on a charge of grand larceny, was held in the Police Court this morning and as the testimony was not concluded, the hearing will be resumed tomorrow morning at 10 o'clock.

Jacobs is the East Oakland junk dealer, who is in company with three others, in the alleged, stole two wagon loads of water mains belonging to the Contra Costa Water Company, which was recently removed from East Sixteenth street. Jacobs has been charged with grand larceny and the evidence against him is very strong. The pipe was found in his possession, broken into small bits and prepared for shipment by water to a distant port for disposal.

# AMERICAN MARU ENCOUNTERS A TERRIFIC TYPHOON

SAN FRANCISCO, Oct. 22.—The steamship American Maru, which arrived here today from the Orient, passed through a terrible typhoon on the day after she left Yokohama. The vessel, which is owned by the Nippon Yusen Kaisha, encountered fearful seas. One of the Japanese stewards who attempted to pass the deck was struck by the waves and dashed against a deck house. His skull was broken and he died instantly. The steam steering gear of the vessel gave out and it was necessary to steer with the twin screws until repairs could be made in better weather.

# ANDREW CARNEGIE UNCLE SAM WILL BE CAUTIONS.

Will Not Accept King Oscar's Decision as Binding.

WASHINGTON, Oct. 22.—An intimation has been received here that King Oscar of Sweden, who is acting as the arbitrator of the issues between the United States, Germany and Great Britain, growing out of the Samoan rebellion of 1899, will decide that the facts presented to him in the briefs of counsel, which have been pending for nearly a year, warrant him in proceeding to assess the damages sustained by foreign residents of Samoa as a result of the landing of a combined force of American and British sailors and marines and the destruction of property incident to the ensuing fight with the rebels. By the terms of the treaty under which the three powers agreed to submit these claims to arbitration, the arbitrator was first to declare whether the Americans and British were at all liable for damages and if so he was to determine the amount of that liability. He has it is understood, concluded to decide the first question in the affirmative, though it is stated here that no official notice to that effect has yet been conveyed to our government.

The next step is to fix the amount of the damages and this must be done by King Oscar, on the basis of the facts now to be presented by the representatives of the governments concerned. The German claims are far larger than the others, amounting to \$108,918.

# BIGGEST RALLY OF CAMPAIGN

GEORGE KNIGHT AND WILLIAM R. DAVIS SPEAK SATURDAY EVENING.

HE WILL NOT BE ABLE TO ATTEND THE MEETING IN BOSTON.

BOSTON, Oct. 22.—Following is the text of the letter sent by the President of the United Irish League at its convention in this city: "WHITE HOUSE, Washington, D. C., Oct. 22, 1902.—Dear Sir: Your communication of recent date has been received and in reply I would state that while the President very much appreciates the cordial invitation extended to him by your league, he regrets that his public duties will prevent him from being present on the occasion to which you refer. Owing to the pressure upon his time incident to the preparation of his annual message to Congress, he is at present unable to accept an invitation to attend the meeting of the league. He is, however, in the President's behalf, to thank you and through you the members of your organization, for this courtesy and believe me, very truly, "GEORGE B. CORTELYOU, Secretary."

ARRANGEMENTS HAVE BEEN MADE TO HOLD A MONSTER PUBLIC MEETING AT THE TABERNACLE NEXT SATURDAY NIGHT.

THIS IS INTENDED TO BE THE GREATEST DEMONSTRATION OF THE CAMPAIGN IN OAKLAND.

THE SPEAKERS WILL BE GEORGE A. KNIGHT, THE ELOQUENT ORATOR OF SAN FRANCISCO, AND OUR OWN WILLIAM R. DAVIS.

PRIOR TO THE SPEAKING THERE WILL BE AN IMPOSING STREET PARADE, IN WHICH THE SPEAKERS WILL BE ESCORTED BY THE REPUBLICAN ALLIANCE, THE YOUNG MEN'S REPUBLICAN LEAGUE AND THE ROOSEVELT LEAGUE OF SACRAMENTO, WHICH IS COMING DOWN ON A SPECIAL TRAIN TO PARTICIPATE IN THE RALLY.

THERE WILL BE AN ATTRACTIVE DISPLAY OF FIREWORKS ALONG THE LINE OF MARCH, AND THE ALARM AND THE HULL CORPS OF THE LEAGUE IN UNIFORM WILL EXECUTE SOME GRACEFUL EVOLUTIONS. THE PARADE GLEE CLUB WILL SING SOME CAMPAIGN SONGS AT THE TABERNACLE. THE PRESIDING OFFICER AND VICE-PRESIDENT WILL BE ANNOUNCED LATER.

# BIG FIRE IN BRITISH COLUMBIA

FEW DETAILS ARE BROUGHT FROM THE MINING CAMP.

SPOKANE, Wash., Oct. 22.—A special to the Chronicle states that the Tepee Hotel at Fairview, B. C., was destroyed by fire about 3 o'clock this morning. One body has been taken from the ruins and seven other persons are reported to be fatally burned. Meagre details brought out from the mining camp by a messenger on horseback states that the fire started near the furnace of the hotel about 3 A. M. today. The flames shot up the stairway, quickly cutting off escape except through the windows. The people on the first floor escaped easily, but many of those above were badly hurt, either by the flames or by leaping from windows. The body of one woman, a school teacher, was taken from the ruins this morning. A bartender named Mathis is reported to have been killed. His wife leaped from a second-story window with her baby in her arms. The baby is safe, the woman is expected to die. James Allen, foreman, is reported to have been killed. John Long, a druggist, was badly burned but will probably recover. Four others, names unknown, are reported to have been injured. The cause of the fire is being investigated by the fire department. The fire was extinguished by the fire department.

# P. OMINENT MAN KILLS A LABORER

PITTSBURGH, Pa., Oct. 22.—Dr. Ellis Duncan, Superintendent of the City Hospital of Louisville, last night shot and probably fatally wounded Bruce Head, a laborer, in the Washington Hotel. Later Duncan surrendered to the police, but would give no reason for the shooting. It is supposed the attempt at murder was made to adjust some wrong done in Louisville, where the doctor is from. It is said Duncan approached Head, and making some inaudible remark to him, pulled a revolver and fired, the bullet striking Head in the breast.

LOUISVILLE, Ky., Oct. 22.—Dr. Ellis Duncan is well known here as the Superintendent of the City Hospital and belongs to a prominent Kentucky family. He is a member of the Spanish War and Inspector-General of the Spanish War Veterans.

Dr. Duncan left Louisville several days ago, telling his family he was going to Vincennes, Ind., to be present at an operation. Head was shot while well known.

# ENGINEER TALKS TO PROPERTY OWNERS

A largely attended meeting of the Telegraph Avenue Property Owners' Association was held in the rooms of the board of Trade, to which the President, E. A. Bushell, occupied the chair, and the principal talk of the evening was made by City Engineer Turner, who presented figures of the cost of main and cross sewers, such as were suggested at the previous meeting of the association.

The matter of street improvement was also under discussion, but no definite plan was adopted. The telephone issue will be again brought up and probably acted upon at the next meeting of the association, Tuesday evening, November 19, at the same place.

# WENT WITHOUT FOOD AND LOST HIS MIND

As a result of insufficient nutrition and partial starvation, Peter Harts, a German, aged 48 years, was committed to the Stockton Asylum for the Insane by Judge Ellsworth this afternoon.

Harts called at the City Jail yesterday and informed the police officials that he was being persecuted and pursued by people. He developed today that he was one of work and had gone hungry for weeks at a time.

It is thought that with proper food and care, Harts might be restored to his normal state. He has no friends or relatives in this State.

# BERKELEY and STATE UNIVERSITY

Boating Association of Important Investigation Berkeley Board of Trade  
State University to of Fumigation Tents Holds Annual Meeting  
Hold Races. in the South. and Talks of Hotel.

## BRANCH OFFICE, 2121 STANFORD PLACE

BERKELEY, Oct. 22.—Student Assistant J. S. Hunter, of the Agricultural College of the University of California, returned to Berkeley yesterday morning, after an extended visit through the southern part of the State, where he has been investigating the fumigation of orange trees.

Mr. Hunter made a thorough study of the methods pursued by the different orchardists and gathered some valuable data. The results of his trip will be published in a bulletin, which will shortly be issued by the Agricultural College.

The fumigation of orange trees has almost entirely superseded the former method of spraying for the destruction of the cottony cushion scale that does so much damage to the orange crop. Hydrocyanic acid is placed beneath the infested tree over which a canvas tent is placed to prevent the fumes from escaping. These fumes effectively kill the scales and, if used properly, they do not injure the foliage of the tree. Too much cyanide or too small a tent will cause as much damage to the tree as the bug. It was this that Mr. Hunter investigated.

It was found that the size of the tents varied greatly. No two orchardists used the same size tents and some used tents twice or three times as large as those of their neighbors. Consequently the results of these different instances of fumigation were also widely different. In some cases the gas was not sufficiently strong to kill the bugs and in others so strong that it damaged the foliage. Mr. Hunter took exact measurements of the tents used by the different growers and the results upon the scales and the trees. These statistics are now in the hands of the experts at the Agricultural College. They will be carefully examined, calculations will be made and, it is hoped, some definite size may be computed for the fumigation tents so that they may do the most good with the least expense and least damage to the trees.

## BOARD OF TRADE

### HOLDS ANNUAL MEETING

BERKELEY, Oct. 22.—Last night the Berkeley Board of Trade held its annual meeting in American Hall, a large attendance being present.

The matter of having the Southern Pacific freight depot, which is now at Stanford Place, moved to West Berkeley was brought up, but no definite action was taken.

The most important matter to come before the Board was a communication from a gentleman, who withheld his name. In this communication, the unknown man says that he will build a \$100,000 hotel in Berkeley provided that the Board can find him a suitable site. This does not mean that he expects a bonus. He merely wants to get a good site, which he will purchase. As Berkeley has no good commercial hotel at present, the communication was received with much interest and Mr. Connelley, J. L. Barker and H. J. V. Swain were appointed to take the matter of finding a site in hand.

Following are the members of the Board of Directors elected for the ensuing year: W. H. Marston, J. Renus, P. W. Durgin, C. H. Webb, W. R. Pond, S. J. Sill, F. W. Richardson, C. W. Townsend, E. A. Kelley, J. W. Richards and R. C. Staats.

## AN AGRICULTURAL STAFF

### HAS BEEN ORGANIZED

BERKELEY, Oct. 22.—The entire staff of the Agricultural College of the University of California has been organized into an advisory board to assist in the directing of the agricultural experimental stations throughout the State. At present Prof. Hilgard is director of these stations, and A. V. Stubbs is director. It is to be noted that these two in their work that the organization has been formed.

## FAMOUS ALUMNI TEAM

### TO PLAY 'VARSITY

BERKELEY, Oct. 22.—A game of football that will attract more attention than any other game to be played this season, except the game with Stanford, will be played at the Berkeley campus next Tuesday, when the California eleven will meet the famous 30-9 team.

This is the old Berkeley team that defeated Stanford in '98 by a score of 22-0 and again downed the cardinal players in '99 by the still more decisive score of 30-9. By these two victories the team won for California the title of the nation's best team in the University grounds.

On Christmas day in '99 this same team put up the wonderful game with the Cornell Indians that allowed the red men to score only two points on a safety, and which placed California on a par with the best teams in the country. The entire team, with the exception of Craig, left end, will line up against Berkeley. Tuesday will be turned into a regular alumni day with a rally, speeches and a reception.

Following is the team: Left end, Starr; left tackle, Whipple; left guard, Greisberg; center, Cornish; right guard, Atherton; right tackle, Clay; Simpson; right end, Womble; quarterback, Ellis; left half, Hall; right half, Smith; full back, Kaarsburg.

NO MORE LOAFING ON NORTH HALL STEPS

BERKELEY, Oct. 22.—Last Wednesday, at the public initiation of the Skull and Keys, and again last Friday at the impromptu rally, held at the flagpole, the students of the University of California made so much noise that recitations had to be suspended.

Last Friday Dr. Noble, who was endeavoring to conduct a lecture in mathematics, remonstrated with the boys, whereupon they adjourned to the football bleachers, where their yells and songs disturbed nothing but the quiet of the campus.

These two incidents have precipitated a matter that has been in the air for some time. It has long been the custom to use North Hall steps as a lounging place, where the students gathered to smoke and talk, and sometimes raise a little rough house. The noise from these daily gatherings often disturbs the recitations going on in the rooms above.

The students' affair committee has taken the matter in hand, and this morning notices were placed about the college buildings, informing the students that they must hereafter refrain from noisy demonstrations during recitation periods.

As an outcome of these notices, the students will probably elect a new loafing place. They may build a fence such as the students at Yale have, or a big "C" similar to the one that Stanford stole from the campus a few years ago. At any rate, North Hall steps must be abandoned as the general loafing place and center of university activities at Berkeley.

UNIVERSITY BOATING CLUB WILL SWIM AN ROW.

BERKELEY, Oct. 22.—Next Saturday afternoon at Session's Basin, East Oakland, the University of California Boating Association will hold a series of rowing and swimming races. More than usual interest is being taken in aquatic sports lately by the Berkeley students. The races Friday are creating considerable interest and should be largely attended.

The first event will be a half-mile relay swimming race, to be competed in by teams of five men, each man to swim one-fifth of the distance at a stroke. This is the first time in the history of college athletics at Berkeley

## TELEPHONE MASON 1761

that such a race has been held. So far two teams have entered. The first is composed of Mr. Hotchkiss, Sam Eastman, A. D. Smith, H. W. Ross and J. E. Roadhouse; the second of H. W. Beecher, Doc Bishop, Mr. Kraft, Mr. Richter and H. G. Hotchkiss.

The second event will be a one-mile single race between Mr. Harley and Mr. Cerf for the university championship.

Following this will be a one-mile barge race, straight away, between the Alameda Juniors and the second crew of California. For Alameda, C. S. Ayers will row stroke, Ed Hansen, after waste; C. F. Wange, forward waste; A. C. Webb, bow and E. Donnelly, coxswain. California will be represented by Harley, stroke; E. J. Gindley, after waste; L. G. Arloff, forward waste; W. T. Dandy, bow and Cahill, coxswain.

The most important event of the day will be a one-mile shell race between Coach Henry Peterson and Mr. Pembroke of the Olympic Athletic Club of San Francisco. Both of these men are famous oarsmen, the former being considered one of the best in the State, while the latter was former champion of the world for the three-mile race.

Champion Peterson is taking a great deal of interest in the university oarsmen. Every Saturday he goes over to Sossion's Basin and teaches the collegians the fine points of his favorite sport. Under his direction, the men are past learning how to handle the oars and a desire to promote it on the coast being his only incentive.

Those who are interested in the sport of rowing, the association, through the kindness of Graduate Manager Decoto, have presented Mr. Peterson with a blue and gold rowing suit and a blue sweater. Mr. Peterson also takes an abiding interest in football and has been seen several times this season on the bleachers.

Thanks to the work of the coach and the efforts of J. E. Roadhouse, president of the association, boating is fast coming to the front as an important branch of university athletics.

## YOUNG LADIES ARE

### POISONED AT LUNCHEON

BERKELEY, Oct. 22.—The young lady boarders at Snell Seminary, 2719 Channing Way, were poisoned yesterday at luncheon by eating tomatoes.

Shortly after eating them several of the girls betrayed symptoms of poisoning and a physician was called. They were summoned. Fortunately the poisoning was slight and relief was speedily attained. No serious illness resulted.

Upon examining the tomatoes traces of pomanine poison were found. The vegetable looked sound and good and no blame can be attached to those in charge of the table.

## SUBSCRIPTION IS STARTED

### FOR INJURED ATHLETE

BERKELEY, Oct. 22.—Yesterday afternoon the athletic association of the Berkeley High School started a subscription for John Milledge, the popular football player, who was hurt in last Saturday's game. The money is to be used to pay the doctor bills. Messrs. Sweeney, Clark and Monson were appointed a committee to take charge of the collecting.

## COLLEGE ENGINEERS

### FORM ORGANIZATION.

BERKELEY, October 22.—The Juniors and seniors of the College of Civil Engineering have organized. The object of the organization is both social and scientific; to bring the men together and to advance their interests in and knowledge of their chosen profession. The regular meetings will be devoted to the reading of papers and the discussion of practical problems. Only Juniors and Seniors will be eligible for membership.

The following officers have been elected: President, R. S. Hawley; vice president, H. W. Dietz; secretary, H. C. P. Vonsano; treasurer, T. Williams; librarian, B. F. Brown.

# WILL NOT GET THE ISLANDS TO THE COAST

TIE VOTE IN THE LANDSTHING PREVENTS RATIFICATION OF TREATY.

COPENHAGEN, Oct. 22.—The Landsting today rejected the second reading of the bill providing for the ratification of the treaty between Denmark and the United States in regard to the cession of the Danish West Indies to the latter country. The vote stood 32 to 32, a tie. The announcement caused great excitement in the House and demonstrations on the part of the spectators. In the voting there was one absentee. The Rightists and the Leftists and six independent Conservatives opposed the bill. The Leftists and six independent Conservatives supported it. The vote was taken without debate today and the result was greeted with mingled cheers and shouts of disappointment.

Crown Prince Frederick, all the Ministers and many members of the diplomatic corps and members of the Folketing were present. The public galleries were crowded.

## BETTING MEN WILL NOT SUPPORT LANE

The betting supporters of Dr. George C. Pardee are meeting with considerable difficulty in finding takers for their money. In fact, most of the coin which they are willing to risk on the result of the fall election has gone begging, so far. In San Francisco Pardee enthusiasts are looking in vain for those who are willing to back their belief in Lane's success with coin. For instance, it was reported yesterday that there was plenty of Lane money at Dickey's in San Francisco, but an investigation proved that it was the coin of the friends of Dr. Pardee. At Russ, Fisher & Connors, the brokers, there is \$4,000 of Pardee money that has found no takers and only small bets have so far been reported. Among the latter was a wager of \$250 on Pardee, which was made by Charlie Asher, who says he has more money to place on the election.

## GERTRUDE JOHNSON WANTS BIG DAMAGES

Gertrude Johnson, a minor, who was severely injured at Niles two years ago, has filed her third complaint against the Southern Pacific Company, asking for \$25,000 damages.

Because, George Callahan and Peter Marmion, railroad employees, carried their room mate, H. S. Haddock, out into the night while the latter was laid up in his undergarments, the pair were before Judge Smith in the Police Court this morning on charges of disturbing the peace. The scene of their escapade was Seventh and Campbell streets and the time 1 o'clock this morning. While swearing out the complaint charging his room mates with disturbing the peace, Haddock said that his companions came home under the influence of liquor early this morning and going into the room where he was asleep, awoke him and demanded that he come out and get a drink.

"I refused," said Haddock, "and before I realized what was happening, I was being carried into the street with only my underclothes to protect me from the cold."

Callahan and Peter Marmion, acknowledging having forced Haddock to perform upon the cold pavement for their benefit in his scanty attire.

The noise aroused the sleeping neighborhood and a telephone call summoned the police patrol. Marmion and Callahan were removed to the City Prison, while Haddock made his escape into his residence away from the curious eyes of the now thoroughly awakened neighborhood.

The pair pleaded guilty and will be sentenced by Judge Smith tomorrow.

## HE WOULD NOT PLEAD IN COURT.

NEW YORK, Oct. 22.—William Hooper Young, who is accused of the murder of Mrs. Anna Pulitzer, was arraigned before Judge Cowing today to plead to the indictment of murder in the first degree. On the advice of his counsel, William E. S. Hart, the prisoner did not plead and Judge Cowing ordered that a plea of not guilty be entered. The court denied a motion for a continuance and set the trial to begin at 10 o'clock tomorrow.

## NOVELIST SUBMITS TO THE KNIFE.

SAN FRANCISCO, Oct. 22.—Frank Norris, the novelist, was operated upon today for appendicitis. The operation was a very successful one and it is believed there is no danger of serious complications.

## RAIN IN SOUTH.

LOS ANGELES, Oct. 22.—Indications are good in Southern California for rain within the next twenty-four hours. A slight drizzle set in this morning and lasted for a couple of hours, but the precipitation amounted to less than one hundredth of an inch.

## UNION PLASTERERS REFUSE TO WORK.

NEW YORK, Oct. 22.—About 1,800 union plasterers refused to go to work today on the new scale of wages set by the boss plasterers. The new rate is \$4.00 per day against \$5 which they have been receiving.

## DESERTER ARRESTED IN ARKANSAS.

## MRS. DENNIS IS DEAD.

WASHINGTON, Oct. 22.—After hovering between life and death since last December, Mrs. Ada Gilbert Dennis, the victim of one of the most mysterious assaults in the history of the District of Columbia, died at the Garfield Hospital today. With her death the last hope of the solution of the mystery has disappeared. She came here from Gettysburg, Pa., and married Walter Dennis, a Washington accountant, who was found in his bed December 10. Her skull was crushed. She never recovered sufficiently to talk rationally.

## FRESHMEN TO HOLD TENNIS TOURNAMENT.

BERKELEY, October 22.—A tennis tournament will be commenced tomorrow on the University of California Courts. The tournament, which will be gentlemen's singles, is to bring out the material in the Freshman Class.

# AN IMMENSE CROP OF CUCUMBERS.

LARGE PATCHES NEAR ELMHURST ARE ABANDONED FOR THE SEASON.

ELMHURST, Oct. 22.—The cucumber season has come to a close. The big patch owned by A. S. Vager located between this place and San Leandro has been abandoned and the few remaining cucumbers are being picked by families residing in the vicinity. The crop was a very successful one and owing to the several new pickling plants recently established near here good prices were easily secured.

Tomatoes are still being shipped from the large patches about Elmhurst but the crop is almost exhausted and will last but a short time. As a vegetable raising section the district about here is regarded as one of the best in the entire State.

## EXCURSIONS TO THE EAST.

Those contemplating an Eastern trip will be interested to know that the Rio Grande System is operating via The Seaside Line of the World daily excursion cars through from the Pacific Coast without change to Denver, Kansas City, Omaha, Chicago, St. Louis, New York, Boston and intermediate points.

These are the Pullman Ordinary or Tourist sleepers, provided with comfortable berths, bedding and linen of the Pullman standard. They have separate lavatories, are well lighted and heated, and in fact only differ from the more expensive "standard" cars in the character of the upholstery and inside finishing.

Besides the colored porter, an Excursion Manager accompanies the cars for the sole purpose of looking after the welfare and comfort of his party.

There is no charge beyond the regular railroad and sleeping car rates to those who accompany these excursions.

If you are interested, let us quote you the lowest rates and give you more details. Also furnish you with illustrated books descriptive of the grandest mountain scenery on the American Continent.

## KNOX ON TRUSTS.

### DEMOCRATIC BLUFF.

The recent address of Attorney General Knox before the Pittsburg Chamber of Commerce is the clearest statement of the trust problem yet presented. It points out the principal trust evils, and suggests a remedy. The Attorney General does not take a pessimistic view of the situation, nor does he admit that the evil cannot be corrected. There is no suggestion of faint heartedness or apology in this stirring extract from his remarks:

"My purpose is to challenge the proposition that we are helplessly helpless under our system of government to deal with serious problems which confront us in respect to our greatest interests. Since the radical questions of human rights and human governments have been settled the production, preservation and distribution of wealth receive the chief attention of civilized peoples. The time never was when the English-speaking people permitted the articles necessary for their existence to be monopolized or controlled."

This is the confident tone of a believer in the people and the system of popular government. General Knox accurately states the main abuses of the trust system in this paragraph:

"The conspicuous noxious features of trusts existing and possible are these: Overcapitalization, lack of publicity of operation, discrimination in prices to destroy competition, insufficient personal responsibility of officers and directors for corporate management, tendency to monopoly and lack of appreciation in their management of their relations to the people, for whose benefit they are permitted to exist."

The Attorney General says some of these abuses can be reached under existing laws, while others can be remedied by legislation. If the Sherman law is ineffective, he points out that Congress can amend its weak points. The determination of suits now in progress will clearly demonstrate the strength or weakness of the Sherman anti-trust law, and the applicability of the Interstate Commerce Act. He says these two acts are mere statutory reinforcement of the principles embodied in the common law, which can be extended and broadened to meet the conditions produced by modern industrial development.

General Knox's remedies are rigid enforcement of the present laws, with amendments where necessary, and the enactment of other laws forbidding over-capitalization and requiring public statements to some established authority, at regular intervals, of all trust operations.

## KELLEY FOR SUPERVISOR.

Joseph M. Kelley, Republican nominee for Supervisor, is no stranger to the people of this city. He has lived nearly all his life in his district, and has as large a personal acquaintance among its inhabitants as any man in Oakland. He is an active and successful business man, who has worked himself up by his own efforts. He is noted for his obliging disposition and for his square dealing.

For two terms Mr. Kelley represented the Forty-eighth District in the Assembly, and represented it well. He proved himself an industrious worker in the Legislature, and looked after the interests of his district with great care.

Mr. Kelley's record in the Assembly further confirmed the favorable estimation in which the people of his district hold him. They know he will make a first-class Supervisor, and they are going to give him a rousing majority. Taxpayers in other parts of the county will be pleased to have so capable and energetic a man as Mr. Kelley in the Board. Republicans generally will be gratified that they have such an unexceptionable candidate to vote for.

## FRANCE'S ENORMOUS BUDGET.

The French Government is the most expensive in the world, and has been ever since the Franco-Prussian war. While the population of France is practically stationary the cost of its government steadily increases. The drain on the productive forces of the nation is shown by the continuous increase in the army and navy establishments. The estimated expenses for the current year are \$15,000,000, while the total revenues are estimated at \$11,100,000. With less than half the population of the United States, France pays fifty per cent more for government, while nearly 600,000 of her youngest and most able-bodied citizens in the army and navy are permanently withdrawn from productive occupations. How long can this increasing financial strain be borne? If the French nation were not the most frugal and thrifty on the globe, the crash would not be far off, but France has more than once astonished and confounded the predictions of economists, and she now bears her enormous burdens with little complaint and few outward manifestations of distress.

A dispatch says Theodore S. Shaw, who committed suicide in Merced the other day, placed Governor Stoneman in nomination in 1892. That is a mistake. The late Stephen M. White nominated Stoneman at San Jose, and his speech is still remembered by those who heard it as perhaps the most effective nominating speech ever delivered in this State.

It is quite evident that the Democrats are carrying on a big game of bluff this campaign. They tell the people of the interior what a big vote Lane is going to get in San Francisco, and then they boast in the city by telling what a big vote he is going to get in the country. North of Tehachapi they allege that Lane's big vote will be down South. Below Tehachapi they assert that all the Northern part of the State is for Lane.

Wherever one goes he finds the people strong for Pardee, but he is told the Lane boom is just over the hill.

The Democratic boasts are idle. The stories of Republican defections are campaign inventions. Dr. Pardee will get the full strength of his party vote. There are here and there individual changes such as are incident to every campaign, but they counterbalance each other. It is quite certain that Dr. Pardee is not the sufferer from these changes. In some localities—notably south of Tehachapi and the mining counties—he is greatly the gainer.

In San Francisco the voters are rapidly settling into their old political lines, and it is daily becoming more apparent that Lane's majority there will be small—it may not be any majority at all.

The situation, therefore, is full of promise for Republican victory. Dr. Pardee is a sure winner.

## MR. KNOWLAND'S MISSION.

The election of Hon. Joseph R. Knowland to the State Senate has an interest to every man in the State interested in preserving the historic landmarks of the Spanish occupation. Mr. Knowland has personally visited nearly all the spots, old missions and other historic remains reminiscent of the old times and early settlement of California, and he desires to secure the passage by the Legislature of an act that will preserve these mementos of the past to posterity. He has made a deep study of the subject, in which he is passionately interested, believing that the preservation of those ancient landmarks and mementos will greatly contribute to fostering State pride and the sentiment of local patriotism. Every antiquarian in California will wish Mr. Knowland success in his patriotic endeavor.

There is not in the State a man better qualified to carry out his chosen task than Mr. Knowland. He is a native of the State and a graduate of its great University. He possesses an ardent imagination, and is imbued with all the enthusiasm of youth and a high mission. He is, besides, a lawyer of ability, a fine speaker, and a young man of irreproachable character. He will make his mark in the State Senate.

The voters of the forty-ninth Assembly district will make a mistake if they do not elect John W. Mott. His election appears certain, nevertheless no one should fail to vote for him. Mr. Mott represents responsible party government, and is a wide-awake young man who will serve his constituents well. A vote for him is a vote to return George C. Perkins to the United States Senate.

The Republican party stands opposed to State socialism on the one side and trust socialism on the other. It stands for the preservation of our institutions and the system of government handed down to us by our fathers.

The coal barons who accused President Roosevelt of "butting" into the strike matter, now realize that they have been "butted" out.

## SANTA FE WILL COMPETE FOR TRAFFIC

TOPEKA, Kas., Oct. 22.—The Santa Fe and Rock Island roads are preparing for a passenger campaign after the California winter. The paintball California flyer of the Santa Fe will be in operation November 15th, and on November 15th the Rock Island will put on a new fast California train of the same class. Every improvement possible to devise has been placed on these trains, and the roads will inaugurate the fiercest competition that has been known for California trade.

## MONARCH CLOTHING COMPANY ATTACHED

The Monarch Clothing Company of Eleventh and Washington streets, has failed for \$11,000 and the Oakland Optical Company, which is located next door, has also been attached. The Monarch Clothing Company yesterday for the benefit of its creditors, turned over its business to the San Francisco Board of Trade, to whom the "Sacramento Bee" had assigned a claim for \$300. Murphy, Grant & Company of San Francisco are the heaviest creditors.

# PERSONAL AND SOCIAL NOTES

## INTERESTING PERSONALS THAT WILL PLEASE PEOPLE IN SOCIETY.

The Cosmos Club members were entertained Monday at the home of Mrs. Jane K. Sather, who gave a luncheon to the regular members of the club. The table, at which some 200 were laid for twenty guests, was appropriately decorated in cosmos, and the luncheon favors were exquisite cups in blue Dresden, which were imported for the affair. At the luncheon which was followed by a business meeting, were the regular members for the year, including Mrs. T. L. Barker, Mrs. G. A. Chase, Mrs. E. J. Cotton, Mrs. Thomas Crellin, Mrs. Eleanor Folger, Mrs. Charles Minor Goodall, Mrs. R. W. Gorrill, Mrs. W. S. Goodfellow, Mrs. E. P. Taylor, Mrs. Egbert Stone, Mrs. J. R. Smith and Mrs. E. M. Walsh.

The list of the year's substitutes, which was increased at yesterday's meeting, is not yet complete, but among the names are Mrs. E. Beck, Mrs. George C. O. Goring, Mrs. Charles Houghton, Mrs. Charles F. Holt, Mrs. Henry Morris, Mrs. William Morris, Mrs. George W. McNear, Mrs. Grace Perry, Mrs. Prentice Selby, Mrs. Louis Scott, Mrs. Albert Sutton and Mrs. H. C. Taft.

Will be 'GUEST OF HONOR.' Mrs. William E. Colby, (nee Yeoman) will be the guest of honor at a tea to be given by Miss Knight and Miss Harriet Emma Knight at their home on Webster street, about 300 cards have been sent out, and the receiving party, which is to be a large one, will include Miss Mabel Gray, Miss Elizabeth Gray, Miss Ida C. Kirtland, Mrs. Francis Musser, Mrs. I. Emmet Nicholson, Miss Emma MacFarlane, Mrs. George Rodolph, Mrs. Chas. Rodolph, Miss Marion Eveson, Mrs. Arthur Goodhue, Mrs. Robert Knight, Mrs. Lee Cole Burnham, Miss Bee Burnham, Mrs. Cleveland Forbes, Mrs. E. J. Gorrill, Mrs. J. L. Howard, Mrs. J. R. Burnham, Mrs. F. A. Allen, Mrs. A. L. Knight, Mrs. Fred Knight, Miss Mary Wilson, Mrs. George Strong and Mrs. Edward Hale Campbell.

## A LINEN SHOWER.

Miss Carolyn and Miss Anita Oliver were the hostesses Monday afternoon at a very pleasant "linen shower" given for Miss Florence Edoff, who is to be a bride next month. The affair was carefully planned and the guests of honor were taken entirely unawares. Many dainty and exquisitely worked bits of linen were made by the guests, who were assisted by Miss Edith Goodfellow, Mrs. Everett Ames, Mrs. Robert Lays, Miss Cordelia Bishopp, Miss Marie Cheek, Miss Lillian Moller, Mrs. Willard F. Williams, Mrs. Hugh McCall Webster, Miss Alma Brown, Miss Adah Brown, Miss Margaret E. Mine, Miss May Young, Miss Lillian Remillard, Miss Charlotte Lays, Miss Grace Dawson, and Mrs. Frank Watson.

## THE LADIES' GUILD.

The Ladies' Guild of St. John's Church will hold a rummage sale next week, beginning Tuesday, at the old State mission on the southeast corner of Fourth and Washington. The sales held in the past by the ladies of St. John's Church have been most successful and the reputation they have acquired for giving good value for the money is well known. All donations of clothing, furniture or groceries will be gratefully received and will be sent for if any of the Guild are notified personally or by telephoning to either Clark 121 or Clark 104.

## COSMOS CLUB.

The week's social life was inaugurated Monday with a luncheon to the members of the Cosmos Club, given by the club's president, Mrs. Pedar Sather. It was a most delightful affair, the decorations and appointments of the table being unusually tasteful. A large bowl of cosmos formed the centerpiece of the round table and at each plate was a corsage bouquet of the same flower. The favors were

## FREE TO EVERYONE.

A Priceless Book Sent Free for the Asking. "There be books and books," some edifying, others entertaining, and still others instructive. The average man is so busily engaged in the labor of money making that he has little time and less inclination for books which instruct; hence when he feels out of sorts, either he gives no heed to nature's warning, or he consults a physician, at an expense which a little forethought would have enabled him to avoid. There is probably no complaint upon which the public is so little informed, as hemorrhoids, or piles; this little book tells all about their nature, cause and cure; it treats of the different forms of piles, itching, and protruding piles describes their symptoms, and points the way to a cure so simple and inexpensive, that any one can understand and apply. The importance of promptness and thoroughness is vital, for the disease will not cure itself, and nature, alone, unaided, will not accomplish a cure, while the consequences are so painful for detailed description. You are told how piles originate, the reason for their appearance usually being that some of the rules of correct living have been violated, and (what is more to the point) how you may rid yourself of this bane of human existence. All affections of the rectum are treated in simple plain language, so that all may understand, and learn how the cause may be removed. Many people suffer from piles, because after trying the numerous lotions, ointments and salves that are on the market, without relief, they come to the conclusion that a surgical operation is the only thing left to try, and rather than submit to the shock and risk to life of an operation, prefer to suffer on. This little book tells how this may be avoided, and a cure be effected without pain, inconvenience or detention from business. Write your name and address plainly on a postal card, and mail to Pyramid Drug Co., Marshall, Mich., and you will receive the book by return mail.

## AMUSEMENTS AT LOCAL THEATERS

Large crowds are nightly attending the clever performances of "The Strollers" at the Macdonough Theatre and the week promises to be one of the most successful of the year. With Marguerita Sylva in the leading part, "The Strollers" have made a hit in San Francisco and the principal cities of the East, and it is proving a great drawing card here. The play is well staged and the attraction is enhanced by special scenery and costumes.

## HOTEL ARRIVALS.

beautiful Service cups and caucers, which the thoughtful hostess had sent to Europe for as special mementos of the occasion. Mrs. E. J. Cotton assisted Mrs. Sather in receiving. After the luncheon the ladies discussed the business affairs of the club and decided to hold their initial meeting Monday, November 3rd. Mrs. Sather's guests at the luncheon were: Mrs. R. W. Gorrill, Mrs. J. R. Burnham, Mrs. A. A. Moore, Mrs. John L. Howard, Mrs. E. J. Cotton, Mrs. C. Minor Goodall, Mrs. T. L. Barker, Mrs. E. M. Walsh, Mrs. Fred Knight, Mrs. E. H. Kittredge, Mrs. Will Meek and Mrs. T. C. Coogan.

## AN ENGAGEMENT.

The engagement is announced of Miss Mae Spencer and Augustus Champion. The bride-to-be is an English girl, but came to California when she was quite small. She received her education in the local schools, and is a graduate of the Oakland High School. Mr. Champion is a well known young business man of this city, being manager of a department at T. L. Fennoyer's. No date has been set for the wedding, but it will probably take place some time in the near future.

## GERMAN LADIES' BALL.

Next Tuesday evening the German Ladies' Relief Society will give a ball at Germania Hall.

The committee in charge of the arrangements this year consists of Mrs. Elise Behls, Mrs. E. J. Cotton, Mrs. Ida C. Kirtland, Mrs. Albert Kuyper and Mrs. Albert Seuberg. They have appointed to assist them at the ball the following committees of gentlemen, Theodore Gier having been chosen to the honorable office of floor manager.

## PERSONAL NOTES.

Mrs. J. W. Birm, Mrs. Geo. C. Comstock and Miss P. S. Colby, well known ladies of this city, are spending a few weeks with friends in Williams. Miss Eunice Gallagher has returned from "Kitty" after a pleasant visit to her sister, Miss Edith Gallagher, who now resides in the Slough City.

## TERPSICHOOREAN CLUB GIVES ANNUAL DANCE.

ALAMEDA, Oct. 22.—The fourth annual dance of the Terpsichorean Club was held last night at Harmonic Hall. The affair was well attended and an enjoyable evening was spent by all. The hall was tastefully decorated for the occasion. Music was furnished by Miss Hutton's orchestra.

## OLIPHANT SISTERS WILL SING AT CONGREGATION CHURCH

ALAMEDA, Oct. 22.—The Oliphant sisters, who are singing their way through the world, will give service of songs at the First Congregational Church tonight. They are natives of Chicago, and for years have given their time and talents to the shaping of the religious life of Englewood.

## NOT ON THE TICKET.

Through his failure to file his certificate of nomination with the County Clerk, as the law provides, at least twenty days before the election, P. S. Cope, who was nominated by the Democrats for the Assembly for the Forty-ninth District, will not have his name on the ticket. The Democratic nominations were filed as one certificate, and in checking them up today it was found that Cope's name was not among them. The vote will now be divided between the Republican and the Union Labor candidates.

## THEY DISCUSS NEW LIBRARY.

ALAMEDA TRUSTEES PLAN TO FURNISH CARNEGIE BUILDING.

ALAMEDA, Oct. 22.—The Trustees of the Alameda Public Library met last night to discuss the furnishing of the new library building, which is nearly completed. A committee was appointed to determine the cost of the necessary furniture, shelving and shades.

Another meeting will be held in the near future at which time the committee will report. The Trustees decided not to have the west end of the basement finished off, owing to the lack of funds. The cost of furnishing will be somewhat larger than was first anticipated. The members of the Board expressed themselves as greatly satisfied with the building and are greatly pleased with the progress being made, towards its completion. When completed the new library will be one of the handsomest structures of its kind in the West.

## ALAMEDA MAN ARRESTED FOR CRUELTY TO ANIMALS.

ALAMEDA, Oct. 22.—B. M. Schunhoff who resides at the West End was arrested yesterday by Detective Brown on a charge of cruelty to animals, which was the second time he had been arrested for the same offense. It appears that Schunhoff had left his two horses in a corral for four or five days without anything to eat. Neighbors seeing the horses starving to death informed the police. Schunhoff was fined \$5 by Judge Taylor.

## CHORAL SOCIETY IS REHEARSING FOR CONTATA.

ALAMEDA, Oct. 22.—The large chorus recently formed under the auspices of the Alameda City Union Young People's Society held its first rehearsal in the parlor of the First Methodist Church last night. The music of the cantata is from the new edition and is a great improvement over the old ones, there being several new characters in the "Queen Esther" cantata. The address of the evening was delivered by Rev. O. E. Hotle of East Oakland, on "Religious Progress of the Nineteenth Century." The speaker called attention to the prevalence of infidelity among all classes and in nearly all nations when at the beginning of the last century, when the extinction of all forms of religion was freely predicted. But the close of the first generation, he said, brought a revival of religious thought, based on the teachings of the Bible, and the thoughts of men and women to the value and necessity of religion. The central thought of the present day, he declared, was "Christ, not creeds," service to others instead of religion for personal gain.

## HANLON-M'FADDEN FIGHT AT THE RELIANCE CLUB

**Largest Crowd at the Club in  
the History of the  
Local Ring.**

Ed McFadden, lately returned from London with a string of victories, was more than outclassed by Eddie Hanlon last night, and after the Kid had gamely taken a beating for six rounds, he finally went down for the count. The red head was not defeated by a chance blow, but by a youth younger than he, both in years and experience, who systematically wore his opponent down.

It was a great fight and was witnessed by the greatest crowd that has ever been in the Reliance Club Building. In fact, so great was the demand for admittance that Secretary Pawcett was compelled to order the doors closed long before the main event was pulled off. The seating capacity of the gymnasium was taxed to its utmost and seated on the rafters and crowded about the doors and hallways were men, glad to see Hanlon win, but with sympathy for McFadden in receiving the worst beating in his career.

When the fighters came to the center of the ring for the first round, Hanlon took a crouching position, with his gloves and elbows protecting his body. The Kid sent in lead after lead but only to connect with an elbow or glove, and in return receive straight lefts, and his face that sent his head back with a snap. The Kid was always on the defensive, and at no time within the six rounds did he land an effective punch.

When the men separated at the end of the first round, Hanlon stood up all over the building, while McFadden's seconds had a worried look as they cautioned the Kid for the coming round.

The second round opened with Eddie still in his crouching position that the red top tried to raise by a succession of uppercuts. Hanlon would catch each try with his elbow and then rip in a return to the stomach or put a straight hard left to the head. Every time to it, and before the round ended the Kid's head was swimming and in the interval of rest that followed, his seconds had to produce the smelling salts to clear the Kid's head.

The third was the beginning of the end. A right swing of Hanlon's opened a wound on McFadden's neck and for a moment the pain seemed to stop the fighter. Eddie then rushed him to the ropes and into corners, sending in blow after blow that gradually wore the recipient down until the clanging of the gong proclaimed him a needed rest.

From then on it was only how long would McFadden last. The tell-tale body blows were beginning to hurt and cause him to bring down his guard. In the last round Hanlon rushed the Kid to the ropes and whacked his jaw, and McFadden went to his hands and knees for nine seconds. He rallied, only to be sent down again. The third time he remained down ten seconds, when he was counted out by Referee Eddie Smith and the fight was awarded to Hanlon. On the eleventh count the Kid was on his feet, claiming that the seconds had been chopped off, but he received no sympathy from the mob yelling for Hanlon, and he was forced to quit his protesting.

In the preliminaries Frank McShane, Oakland won fraction of the Reliance Club in four rounds. The fight between Jack Capless and Bob Andberg was stopped after the first round by the police, and the decision awarded to Capless. Andberg stood no show of winning the contest.

## AUBURN PEOPLE CHEER DR. PARDEE Republican Leader is Steadily Gaining Ground in the Northern Counties.

AUBURN, Oct. 22.—George C. Pardee spoke last night in the Opera House here and he was cheered and applauded enthusiastically. The rain kept many persons away, but nevertheless the audience was large. F. P. Tuttle presided at the meeting, he being introduced by Chairman E. B. Deming of the County Committee.

Tuttle in his opening remarks said "that the Republican party since its formation had been the friend of labor. The only Democratic President in the last forty years sent out troops to shoot down the Chicago strikers, while President Roosevelt refused to send troops against the Pennsylvania strikers, and, instead, acted in such a way as to help labor."

"I have known Dr. Pardee for thirty-five years," Tuttle went on, "and I can testify that the Democratic story that he is an aristocrat has no foundation in fact. The Democrats tell us that he was born in the lap of luxury, and they have put a golden spoon in his mouth. Dr. Pardee and I were schoolmates, and there were just as many patches on George's trousers as on the other garments of the other boys; his father was merely earning a livelihood for his family then."

"Dr. Pardee's record as a public official should commend him to every thinking citizen. While he was Mayor of Oakland the Southern Pacific attempted to barricade one of the streets of that city. Mayor Pardee did not wait to consult the City Council or the City Attorney, but he immediately ordered the police to remove the obstruction, and it was removed."

"The railroad company, which had corralled nearly all the water front of Oakland, tried to grab more of the bay front and erected obstructions there, and Mayor Pardee, again without waiting the slow process of the courts, had those obstructions removed."

"I cannot help comparing Dr. Pardee's action as Mayor with President Roosevelt's action in relation to the coal strike. Both men showed energy, decision of character and intelligence, and both acted in the interest of the people. If he is elected Governor we will have at the head of the State government a man who cannot be turned from the line of his duty by any corruption influence or by any other influence."

"The wearer of broadcloth and the laborer in his working clothes will be glad to hear that the Republican Party is not a party of aristocrats, but a party of the people. It is a party that promotes the interests of all the people of the Republic."

Short spoke about the trusts and the tariff, and that California at last had an opportunity to elect a worthy native son as Governor by choosing Pardee. Cheers for the Republican ticket were given.

Frank H. Short of Fresno, who was introduced as the Daniel Webster of the San Joaquin Valley, made a speech.

Angelo, will assume the same role this season.

The Ward Company, consisting of the majority of the members of the late Frederick Ward Company, which made a wonderful impression everywhere last season, will complete the season. Among some of the players will be Messrs. H. M. O'Connor, John Hynes, Harry C. Barton, Francis McGinn, John Tyrrel, Frank Walsh, John Morrissey, Grant Churchill, Miss Anna Roberts, Miss Alice Beckett, Miss Alice Saunders, Miss Mary Holmes, Miss Beckett and others. The company carry their own scenic production, which is said to be very handsome.

Commander Varney Gaskill of the Republican Alliance has sent out the following circular to the members of that organization:

Dear Sir:—Our Standard Bearer for Governor, Geo. C. Pardee, and our fellow townsman, Victor H. Metcalf, candidate for Congress, will speak at Vallejo on Thursday evening next, and they have both expressed a desire that the Republican Alliance be present at that time.

"Will we be loyal or will we be tired and remain at home when duty calls? I know that you will all be on hand, as follows:

"Report at Alliance Headquarters on Thursday evening next, at 5:45 P. M. in full uniform, with mouth pieces, and flags, to take special train from Sixteenth Street, Oakland, at 6:40, leaving San Francisco at 6 P. M.; returning leaving Vallejo at our pleasure. The Young Men's Club of Vallejo will be our guests on this occasion. Tickets for round trip will be \$1.00. Invite your friends to come at same rate."

## MERCHANTS TALK ABOUT CREMATORY

MATTERS OF IMPORTANCE DISCUSSED BY LOCAL EXCHANGE.

The Merchants' Exchange, at its meeting last evening, directed the secretary to communicate with the various Interior Boards of Trade with a view to having Alameda county represented at the Citrus Fair at San Francisco. The matter of an Alameda county exhibit at the fair has been before the Exchange for several weeks, but owing to the fact that that body is attempting to raise \$14,000 for the tunnel road to Contra Costa county, nothing has been done in the matter. When it was brought up again last night, A. Jonas stated that \$500 would be necessary for the exhibit. With that amount, he said, the products to be exhibited could easily be collected. Director J. F. W. Sohst then moved that the secretary enlist the efforts of the Boards of Trade of interior towns and his motion was carried.

There was considerable discussion over the question of a municipal garbage crematory.

"As I understand it," said Director H. C. Capwell, "the city could not operate a crematory if it were presented to it."

"If it were built by private means and the city acquired it after twenty-five years it could probably be operated," suggested Secretary Wilbur Walker.

Secretary Walker told of some expense of the San Francisco Sanitary Reduction Works, saying that the 600 loads of garbage collected every day 400 loads were diverted from the crematory by the garbage men, because they object to paying 15 cents per cubic yard for removal. As a result Mr. Walker said that the crematory had paid no dividends and that the secretary was getting no salary.

It was suggested that a plan be arranged by which the city fix rates every year in preference to allowing the same rates throughout twenty or twenty-five years.

"Then we would have another water rate case on our hands," said Mr. Capwell.

Mr. Capwell then said that the city might fix rates every year on the basis of the crematory's profits as revealed by the company's books.

There was considerable discussion regarding the way to get at the proper profits of the company, and it was decided that the matter was finally referred again to the committee.

Director Arper called attention to one proposition for a crematory which had been proposed and which provides for the payment by the city of the cost of cremation, so that rates will remain as at present, while the increased cost of cremation should be borne by the tax payer. Mr. Capwell suggested that at the next session of the Legislature an empowering act should be secured which will enable the city to take entire control of the garbage.

President Gier told of the effort that had been made to secure funds for the tunnel and made a sharp criticism of the action of the property owners so far as they have refused to contribute anything to the fund. Mr. Gier said that any profit which might come to the city through the construction of the tunnel would add greatly to property values, and that the city should be the business man. Directors Sohst and Arper made short statements to the same effect.

## BERKELEY BRAKEMAN SUED FOR DIVORCE

MRS. GRAVES SAYS HUSBAND'S  
VIOLENCE ENDANGERED  
HER SAFETY.

Effie V. Graves is seeking a divorce from William M. Graves, a brakeman employed on the Berkeley branch, because of his temper and many acts of cruelty toward herself. In the complaint filed today Mrs. Graves says the peace of her home and the safety of herself and children was often endangered by the violence of her husband.

They were married in 1895 and have four children. The wife asks for alimony and the custody of the children.

## NO DRUGS. Just Proper Food and Rest.

The regular user of drugs to relieve pain is on the wrong track. Find the cause and remedy it by proper food and quit drugs for temporary relief or you will never get well.

A minister's wife writes: "Three years ago, while living at Rochester, N. Y., where my husband was pastor of one of the city churches, I was greatly reduced from nervous prostration and anæmia and was compelled to go to a well known Eastern sanitarium for my health. My stomach was in bad shape from badly selected food; I was a habitual user of carbonate of magnesia and my physicians made every endeavor to break up this most damaging habit, but all to no purpose. I was finally enabled me to eat and digest food and to give up the drug habit and I am now completely restored to good health."

"At the present time I am able to attend to my household and family duties, pursue music which was formerly my profession, besides reading and studying, all of which I was totally unable to do at the time referred to. Name given by Postum Co., Battle Creek, Mich."

Bear in mind that it pays you to look into this matter before you buy. At any rate it will save you money, and across the bay to investigate and it may be the means of saving you enough money in the purchase of an instrument to enable you to educate the entire family in music.

Remember the place, Pommer-Eilers Music Company, 653 Market street, opposite the City Hall, San Francisco, the busiest and best piano store. Other stores at Portland, Sacramento, and Spokane.

## FISHY STORY ABOUT A BERKELEY HOLDUP

JUDGE AND MARSHAL DO NOT  
TAKE ANY STOCK IN A  
KELEY MAN'S STORY.

BERKELEY, Oct. 22.—E. O. Hall, a butcher in the employ of Fischel's meat market, claims to have been held up last night by a man who was driving from West Berkeley to his home, 1739 Allston Way.

Last evening, after working at his stall, Hall borrowed from his employer a butcher wagon to bring a sewing machine up from West Berkeley. He got the machine into the wagon and started for home at about half past nine.

He stopped at Mundy's saloon where he got a drink and then drove along University avenue towards East Berkeley. When about half way home, so Hall claims, he was stopped by a stranger, who asked for a ride. Hall pulled up and the stranger took a seat beside him. No sooner had they started than the man asked Hall if he had any money. When Hall said that he had not the man drew a revolver and hit him over the cheek. Hall was knocked senseless. When he regained consciousness, he found the horse jorging quietly along and himself lying in the bottom of the wagon, with a cut across his left cheek. The machine was gone. Hall drove back and got it fixed. He then drove to his home. After putting it in the wagon, he drove to Pond's drug store where the wound was dressed. Hall says that the man took three dollars from him.

Judge Edgar and Marshal Kernel do not credit the story. They say that such a wound as Hall received could not have been inflicted by a man sitting in the bottom of a wagon. They are inclined to think that Hall was partly intoxicated at the time and has made up this story to explain how he got the sewing machine. A. R. Pond, at whose drug store the injured man's wound was dressed, says that Hall had been drinking, but that he was not intoxicated. Hall was able to go to work again this morning.

## BOARD OF WORKS PASS RESOLUTIONS

The following resolutions were passed this morning at a regular meeting of the Board of Public Works. In the absence of President Johnson, Commissioner Turner acted in that capacity.

## Umbrella Headquarters

The great values that we are now offering in Umbrellas have made our store wonderfully popular. If you procure an umbrella here you will readily understand why we are doing THE business of the town.

At 50c—An umbrella with best frame and good water tight covering; durable; choice of a hundred handles.

At 1.00—Gloria Silk Umbrella; steel rod, paragon frame; best quality of material; honest or Dresden handles. This line would be good value at \$1.50.

Other good values in umbrellas at \$1.25, \$1.50, \$1.75 and up to \$2.50.

Umbrellas that need repairing or re-covering should be brought here—we make this work a specialty.

Glove cleaning is done by us as it should be done—10c pair.
